## GREENWELL POINT PUBLIC SCHOOL P. & C. BUILDING FUND

Small Public schools struggle for funding, and the Community can help.

Donations to the fund are **100% tax deductible**. All you donate will make a visible difference to our school. This year we would like to enclose the veranda that runs along the northern side of two classrooms.

Currently, the area is enclosed only by ugly old mesh, and is not really useable. Enclosing the veranda will make two classrooms bigger, and there it is planned to have a sports equipment cupboard between them. We have estimated the cost to be around \$15,000.00

Please consider a donation to the school building fund.

Donations can be made in cash or by cheque to the school or C/O The Secretary, G.P.P.S. P&C P.O. Box 43 GREENWELL POINT NSW 2540

## What's on at Jindyandy Mill

Thursday afternoon 5th April, Greengold vegies will have a delicious fresh fruit and vegie stall at the Jindyandy Mill. They will also be there on Sunday and Monday. Seasonal produce picked daily from their Terara fields corn, beans, broccoli, spuds, pumpkins, watermelon, apples, will all be available. So buy up for Easter with local fresh produce.

Jindyandy Scrapbooking will commence their "Gone Dotty Sale" on Waster Saturday 7th April. It will run until the 15th. There will be huge reductions on a wide range of products; check out the dots for discounts 50% 25% 20% and a small range of candlestock @ .20 cents.

Come and see the beautiful dolls house and increased miniature range at TJ'S Antiques and Collectables, and the new range of lollies at "I'm in heaven" Lolly Shop.

Bring the family and friends to the Saturday Sausage Sizzle and Sale day.

Happy Easter to you all!

## Senior Citizens

On Monday April 16th the Citizens of Greenwell Point will be entertained by Mr Col Millington., who will be at the Community Hall at 10 .A.M. Entry \$4.00p.p. So come along and bring a friend with a plate to enjoy after the entertainment. Then the Seniors will continue with other regular activities, and visitors will be most welcome.

The Seniors were successful and received a grant from The Government to acquire the new equipment.

## THANK YOU

Lyn Coopie and Shawn would like to thank all those people who helped us put together the Wedding of our grand daughter Louise, to Dave on the 3rd February 2007, at Robin's property

### Special Thanks to

Seaspray, D J's, Fish and Chips, Pelican Rocks, Jim Wild Oysters and everyone else concerned; too many people to name. Everyone looked beautiful of course, especially the bride. We hope the happy couple and their children have a long and happy life together.

## Warning

**Rains flush out deadly blue ringed octopi.**

**A Greenwell Point fisherman spotted three blue ringed octopi on the water's edge. One was hiding in the foam. You don't see them out free swimming very often.**

## Column 3

Apologies are in order; as the next Council elections will be in September 2008, not 2007, as reported in this column last month. At least the error proved that at least one senior Council official (notably General Manager, Russ Pigg) reads the Gazette. Thanks for the correction Russ, and also for stirring the pot on the plan for a fish-cleaning table at the main boat ramp, which we now understand has been brought forward for implementation.

In the past couple of years, there have been some major improvements to the Greenwell Point Foreshore. The new erosion works and rock groynes are fantastic and the beaches that have developed are a big improvement on the collapsing banks to which we had become accustomed. The banks in Anzac Park are in desperate need of attention, however, the historic anchor is in danger of returning to the bottom of the river from whence it came, and the benches that dot the foreshore are starting to resemble the walkway that's just been opened over the Grand Canyon. In a few months it should be possible to walk along one of the benches at high tide and be suspended over water.

A similar problem arose a couple of years ago and the then Director of City Services overcame the danger of a park bench (complete with incumbent tourist) falling into the water, by relocating it three metres back from the edge.

But now Mayor Greg Watson has acknowledged that the speed of erosion in this area is "unsustainable", and has vowed to seek a more lasting solution. Troy and Cheryl (of DJ's Fish and Chips) will be relieved that they are not destined to disappear to the ocean floor.

Meanwhile, one has to wonder what happened to the plans to re-surface the tennis courts. Shelley Hancock came to a Get to the Point Programme meeting about a year ago and we raised the matter with her. She gave someone in Council a tweak, and we were promised that funding would be found.

**Greenwell Point Women's Bowling Club**

On 16th January, the first Lady Bowler's Meeting day of the year, Norma Watts lost to Debby Wilson in Queen of the Green.

Mary Walker had a win over Doris Hoffman in Princess of the Green. This was Doris 's first singles game, so well done Doris.

Our members travelled by bus to Rose Hill Bowling Club to watch Debby Wilson play for NSW in a test against A.C.T. Unfortunately A.C.T. were every late arriving, so we didn't see the last 6 ends of play. However, over the two days and three games N.S.W. came out the winners. Debby enjoyed her first experience as a state player.

Pennants began on 6th February.

This year we have a No1 and 2 No4 teams playing. The No1 team is on the top of the ladder at present with only 2 more games to play. The No4s have finished, 4Wcomong in 3rd behind Mollymook and Sussex Inlet Green in Section1. The games in Section 2 have not been finalised.

Two teams of Greenwell Point ladies entered in the Jarrat Cup at Kiama. Gail Kiggins, Gwenda Burgess, Kay Innes and Nancy Carre won this event with two wins plus 45, so the Cup is to be suitably engraved and is in pride of place in the Ladies Rooms. February's Queen of the Green was again won by Debby Wilson over Betty Wood, who despite her valiant effort just could not make the shots she needed. Princess of the Green was won by Megan Gale over Jan Wallbridge—Jan got off to a good start, but Megan was determined and fought back to take the game with only three shots the difference. The Jerry Bailey Triples Semi-final had two Greenwell Point teams playing each other. The winners Di Metcalf, Fay Franklin and Nancy Carre wet on to play a Warilla team for first place. This was won by Warilla leaving Greenwell Point in second place. In the other final game Gail Kiggins, Debby Wilson and Kay Innes defeated a composite Nowra/Bomaderry team to secure third place. Congratulations to all those who played, for a relatively small club, our girls are leaving their mark in the District.

On Friday 6th March, friends and relatives attended Vincentia Golf Club where our Patron Joy Norris was presented with her award in the Gilmore Long Service Sports Awards. This was the first time there presentations had been made and Joy was very gracious in her acceptance speech. Congratulations Joy - a well deserved honour.

This week four teams travelled to Huskisson for their own Triples Competition.

The weather proved very contrary and we only got ten ends of play in before the greens were closed. But nothing could dampen the spirits of Di Metcalf and Norma Watts who took out the prize money with a win plus25 shots. What a great result.

Our Master Triples will be held on 31st March and 1st April. We have two full Greens of players from around the State competing, So, if you'd like to relax and watch some great bowls, come along to our club and have a great day it's free.

**PET OWNERS**

To the Pet owners of Greenwell Point.— our village was once a sleepy happy peaceful fishing village in which the residents chose to live in for that very purpose .

As the population has grown, so too has pet ownership.

It seems everyone owns a dog and some have several. Why is it there are very few responsible owners? The number of roaming dogs, barking dogs, dogs allowed by owners to walk foot-paths unleashed is amazing!

Some streets house 12 or more dogs; imagine the strife if we all let our dogs out to urinate and defecate wherever they choose, their scent attracting other dogs!

Then the barkers! C'mon pet owners, walk the dogs! If you don't or wont stop their boredom or get the barking collars then be kind to your pets give them to a better home! Neglect and boredom pets do not deserve—neither do the neighbours who must continually contend with noise pollution.

Let's unite as a village and take more responsibility for our own and report others who choose not to!

I'd also remind all dog owners that they will need to consider other users of these areas. Take your dog tidy bags with you when walking the dog, and pick up after him.

## Clean Up Australia Day

May 4th was Clean Up Australia Day, and Greenwell Point was in the spirit of things. The Crookhaven Oyster farmers, Lands Department, Catchment Management Authority and friends were busy cleaning up the wetland at the end of Greens Road.

The Jervis Bay Dive Club were cleaning rubbish from the waterway under the wharf, a risky site, considering the amount of people fishing from the wharf! Other "Clean uppers" were spotted on the Oval with poly bags full of litter and apparently the guides cleaned up as well.

Heave Ho! Old bait nets and rubber sheet are taken from a grassy area adjacent to the waterway.

The Greens road site includes a "Sep 14" listed wetland, meaning it has significance at a state wide level; it includes Salt marsh and Swamp Oak Forest, which are both endangered vegetation communities.

The wetlands is an important source of food and shelter for marine and bird life in the Crookhaven and the Shoalhaven. It also traps sediment and helps to maintain high water quality. This is especially important for our oyster growing industry, and for protecting the nursery areas of our professional and recreational fisheries.

Rubbish removed included some dumped tyres and an old fishing net which was used as a tarp on the way to the tip, (which I was especially thankful for as I passed two police cars). You will also notice the hideous air conditioner dumped at the entrance to our village was "cleaned up".

A big thanks to the volunteers for their time and enthusiasm and to the Shoalhaven City Council for their donation of two free tip passes. Where shall we clean next year?

## Scouting about With Julie Brown

Firstly the Group would like to thank Craig Wilson for the devotion to the Scouts over the past 2 years. Because of other commitments however, he can no longer continue, which now leaves a void in the Scout Troop. While Scouts are still continuing, we require a new Scout Leader, or the Scout Section may be forced to close. This would be a loss for the youth of Greenwell Point, so if you feel you could help out, please contact Alan Brown (Group Leader) on 44471693.

The Group is holding its annual AGM on Tuesday the 1st of May, starting at 7.00pm at the hall. Everyone is welcome to attend this meeting, and show your support for the Group and the Leaders who put in so much of their time for our youth. A light supper will be put on after the meeting.

## Our flag

**Our Flag wears the stars that blaze at night,  
In our Southern skies of blue,  
And a little old flag in the corner,  
That's part of our heritage too.**

**It's for the English, the Scots and the Irish,  
Who were sent to the ends of the earth,  
The rogues and schemers, the doers and dreamers,  
Who gave modern Australia its birth.**

**And you, who are shouting to change it,  
You don't seem to understand,  
It's the flag of our laws and our language,  
Not the flag of a faraway land.  
Though there are plenty of people who'll tell you,  
How when Europe was plunged into night,  
That little old flag in the corner,  
Was their symbol of freedom and light**

**It doesn't mean we owe allegiance,  
To a forgotten imperial dream,  
We've the stars to show where we're going,  
And the old flag to show where we've been.**

**It's only an old piece of bunting,  
It's only an old piece of rag,  
But there are thousands who've died for its honour,  
And shed of their blood for OUR FLAG.**

# GREENWELL POINT

## An Early Shoalhaven Port

### AN HISTORICAL WALK

**1. The First school:** This was constructed in 1893. Classes were then moved here from the terrace house (7), next to the present shop(4). The school was closed in 1940, and re-opened in 1952. The New buildings were commenced in 1975. The school residence, now offices, replaced an early sandstock brick building, also built in 1893.

**2. First Sportsground:** Records indicate that cricket matches were played here in 1889. Footballers also used the area.

**3. The R.S.L. Hall:** In 1952, the Greenwell Point R.S.L. Sub-branch was chartered.. Land was purchased, and the building commenced in 1959.

**The Anzac Dawn Service March** commences from here; the ladies Auxiliary provides a breakfast after the service.

**4. The shop:** Was built in the early 1890s Goods were once collected from the Wharf in drays. It has also served as a Post Office, as well as providing petrol.

**5. Swimming Pool :** Constructed in the River in the 1920's. By 1961 the pool fence was in bad repair. The Council was approached "To clear the shark menace from the local baths". The New pool (near Anzac Park (11)). Was opened on 26th March 1966 .

**6. Camping Grounds:** In the 1920's, Mr Cliff Hamey developed a camping ground here.

Having his electric plant he lit the area. Boats were also available for hire. In the 1930's cabins were constructed opposite the school.

**7.Terrace Houses:** Nine terrace houses were built in the mid 1800's by Berry for his workers, as part of his private village. Two houses remain; The western one was used for the **first school** in 1870. The first teacher was Miss Mary Doubleday. When Inspector Huffer visited the school in October, 1870 he found 20 children present.

An inspector wrote in 1878: "Greenwell Point is a small village seaport, supporting a population of some 13 to 14 households who represent a school population of 38 children....The whole Estate belongs to a Mr D. Berry, who will neither sell the land, build upon it, nor induce in any other way an increase in the number of his tenants".

**8. A Hotel:** called The Royal was first mentioned in 1865, and consisted of two terrace houses joined together. It was for the convenience of travellers arriving and departing by boat. It has been called the Black Swan, Crookhaven, and now the Greenwell Point Hotel.

**9 The Guesthouse:** was built behind the hotel in the 1930's overlooking Comerong Street. Boats were supplied for fishing and picnic parties. It was destroyed by fire in 1963???

**10.Early Mail** was delivered by ships' captains to and from Sydney. The first Post Office was established in 1879 .

### Village of Greenwell Point

An early Shoalhaven Port

On 7th November 1797 ,George Bass, with a crew of six seamen, entered the Crookhaven River and spent 3 days exploring the area. He noted the fertile banks and suggested the area might become a "nursery of cattle".

On 21st June 1822, Alexander Berry sailed up the Crookhaven to where the canal is now located. The Canal,209 yards long was dug by 3 men.

The current cut the canal wider and deeper allowing Berry to take his ship through to develop his settlement at Mt Coolangatta and take up his grant of 10,000 acres, which included the land at Greenwell Point. Crops were grown and a dairy commenced to supply food to the Sydney Settlement, Ships were built to carry maize, bacon, butter, cheeses, timber, hides etc, to Sydney.

The First Postmaster was Archibald Mclean. He also operated the telegraph station. The Post Office has been on numerous sites around the town.

**11.Anzac Park:** Alexander Berry built a wharf here in 1829, to export produce to Sydney. A road was developed to Numbaa, so that wagons and drays could transport farm produce to the ships. Warehouses were built for the storage of foods waiting for shipment or collection. Produce and passengers also arrived in small river boats, or droghers from as far up the Shoalhaven as Burrier. The sandstone blocks of the original wharf and warehouse foundations are still in place. Large ships up to 60 metres long loaded cargo from here.

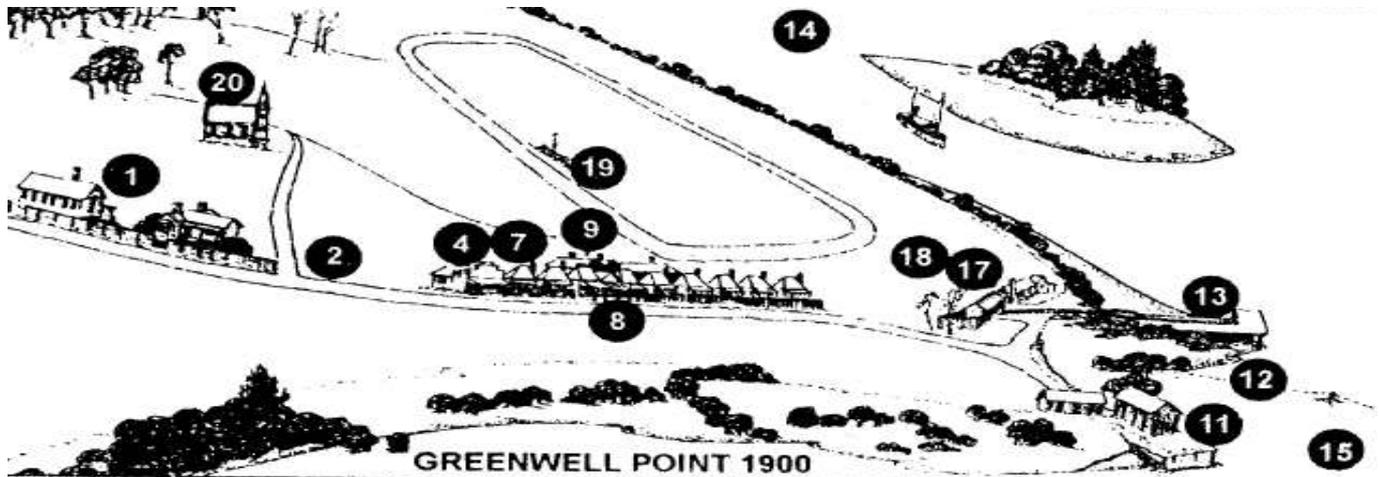

**The Anchor** found on a nearby oyster lease, held one end of a chain which ships picked up to slow down as they neared the wharf.

**The Cannon** was used to start boat races.

**12 The Chain** stretched across the shipping channel. Boats picked up the chain by dragging a light anchor. Paddle-wheelers, such as the "Illawarra", could damage their paddwheel housing if they approached the wharf too quickly.

**A Lighthouse** was established at Crookhaven Heads in 1872. The first light was a red lantern run up a pole.

In 1866, the village of "Greenwell Point" is about 7 miles SE of village Numbaa, with which place there is communications by spring cart which runs twice a week. Greenwell Point is the stopping place for the Shoalhaven and Sydney steamers and lies 105 miles of the latter place. There is one hotel—the Royal, and a steamer wharf and store. A river steamer runs from the wharf to the village of Terara. 10 Miles up the river. The Population numbers about 50 people".

Cont from page 5

**13. Government Wharf:** The first one was built in 1879. Before the railway was extended to Bomaderry in 1893, the majority of goods and passengers came in by ship. In the 1870's the Shoalhaven was the fourth busiest port in NSW. A trolley line linked the wharf to Greenwell Point House (17) Which was used as a warehouse

**14. River Fisherman:** commenced net hauling in the 1850's to send fish to Sydney. Sea seine trawling started in 1933. Otter board trawling was introduced in the late 1960's.

**15. Oysters:** In the 1880's, George Haiser, Peter Johnson and Jack Lonesborough were the main oyster farmers. Oysters were sent as far as Perth. Early cultivation was on rocks dumped as ship ballast. Present cultivation is on sticks or trays, some suspended under rafts.

**16. Goodnight Island:** A guesthouse was built on the island in the 1930's, a period of high tourism. It was destroyed by fire in 1964.

**17. Greenwell Point House:** It was built in 1885. Goods were stored here waiting to be sent to Sydney or up-river.

It was a boarding house during the 1920's, and demolished In 1987.

**18. The Well:** Supplied drinking water to the early ships. Some suggested that this well covered in green weed, gave the village its name. Later, a windmill pumped water from it to supply the hotel.

**19. The Racecourse:** Established in the late 1800's. The course was down the present Adelaide Street and along Comerong Street. The entry and viewing area was past the church (20).

**20. The Church:** Built in 1890 as a Community church, financed by the Berry Estate. By 1941 the Church had fallen into a state of bad repair-rabbits were even living in Its foundations.

In the 1950's money, was raised to repair the building. It is now used weekly with different denominations taking turns to conduct services..

**21 Farming:** Farming commenced in 1822 when Alexander Berry arrived at Coolangatta to take up his 10,000 acre land grant. Crops of potatoes, maize, wheat and barley were soon planted on the floodplain around Numbaa and Pyree. In the 1840's Berry introduced Clearing leases of 20 acres rent free for 2-5 years if the land was cleared and fenced. At the end they became tenants of the Estate.

On the death of David Berry in 1889, it became necessary to sell lands to meet all the bequests included in the will. Many farmers around Greenwell Point and Pyree date their freehold possessions from the 1892 land sales. These sales gave preference to the tenant farmer.

**22 Dairy Farming:** a large dairy (now a restaurant) was established at Jindandy around 1840. Kegs of butter were carted to Greenwell Point to be loaded onto ships for Sydney. In 1889 the same building was used as a butter factory until 1894.

With the establishment of the Berry Central Butter Factory it then despatched cream by wagon to Bomaderry, and then by train to Berry. It closed in 1902, but reopened as a Milk Receival Depot to supply bulk milk to Sydney.

Early dairy breeds were Shorthorns, Ayrshires, Friesians, Jerseys, and Holsteins.

The Illawarra Shorthorn was a special breed developed locally. Today Friesians are the main breed.

Most local dairy farms now use treated effluent from the local sewage systems for the spray irrigation of their pastures. This was an initiative of Mayor Watson.

**Personal profiles**

Stand aside Gilbert & Sullivan, we have our own dramatist, humorist and poet right here in Greenwell Point. This collaboration is slightly different though.

There are many talented people in Greenwell Point. I nearly jumped out of my skin, when my next "Profiler Prey" burst into song, "*some enchanted evening . . .*", the clear baritone bounded around the quiet room. I found myself laughing; as lead in South Pacific, this entertainer must have been a big hit.

Neville and Isobelle Shorrock are probably more widely known (amid GP residents) as one time proprietors of the Post Office. From 1978 to 1999, their lives coexisted with the heart of our small town. Unlike today, they closed for lunch. Nevertheless, they made themselves available to their customers. "Ring the little bell, and big Belle will come and help!" Isobelle laughs, her voice carries melodic tones that would have complimented the choir she sang in – her contribution to the stage.

They have witnessed some tremendous changes during their lives here; most they remember with a faint smile and misty eyes. "The announcement of mail delivery was met with some upset", Neville explained, "the locals enjoyed their weekly stroll to the centre of town to collect their mail." Indeed, it seemed that ambling into the hub of GP was the highlight of some people's week. It was a chance to meet other folk and catch up on the town's happenings. Neville and Isobelle estimate that about 150 people would visit their shop each day, very different from today's numbers with then the Post Office branched out into other services. Customers sought advice and their book section was very popular; bring one in, take one out. Surplus fruit and vegetables from locals' gardens was left at their shop and offered, free, for other folk to help themselves of what they needed.

While the dramatic days maybe gone, Neville still writes poetry for all occasions. Some 6-7 years ago you may remember one of Greenwell Point's oldest inhabitants dying behind the old Newsagents at the covert hands of our council – Neville's poem is a touching reminder to what we have lost .

**Bird feeding**

Residents of Greens Road were not impressed with their **blackouts**. The wires were chewed by those birds again . Please do not feed . They do become very destructive .

**I am writing my own obituary**

I was Greenwell point's oldest inhabitant, and about to celebrate my 300<sup>th</sup> birthday.

Yes, I stood and watched the sunrise over Crookhaven Heads for just on 300 years.

I was standing here proud and tall when Captain Cook sailed past in 1770.

I watched Bass land at Greenwell Point in 1797.

I gave him shelter and he greatly admired my tall and stately stature.

I sheltered generation after generation of our original inhabitants, our Aborigines, who played and feasted beneath the umbrella of my shady arms.—I saw the first man settle at "The Point" and watched the settlement slowly grow into a lovely little fishing village.
